Block 4

# Niles Piecemakers Quilt Guild - Mystery Challenge Quilt 2022-23

Used by permission. Source and designer will be revealed in June with the finishing instructions.

## Materials

- 9x22" piece (fat eighth) each of light print, dark print, and medium print No. 1
- Scrap of medium print No. 2

Finished block: 9" square

Quantities are for 100% cotton fabrics.

Measurements include 1/4" seam allowances. Sew with right sides together unless otherwise stated.

#### **Cut Fabrics**

Cut pieces in the following order.

#### From light print, cut:

- 2—3½" squares, cutting each diagonally twice in an X for 8 triangles total
- 4-2" squares
- 8—15/8×23/4" rectangles
- 16-15/8" squares

#### From dark print, cut:

- 4—15/8×23/4" rectangles
- 4-2" squares
- 8-15/8" squares

#### From medium print No. 1, cut:

- 2—3½" squares, cutting each diagonally twice in an X for 8 triangles total
- 4-15/8" squares

#### From medium print No. 2, cut:

■ 1-2¾" square

### Assemble Corner Units

- Use a pencil or a white dressmaker's pencil to mark a diagonal line on wrong side of each light print 2" square and each dark print 15/8" square.
- 2. Layer a marked light print square atop a dark print 2" square.

  Sew together with two seams, stitching ½" on each side of drawn line (Diagram 1). Cut apart on drawn line to make two triangle units. Press each triangle unit open, pressing seam toward dark print, to

- make two triangle-squares. Each triangle-square should be 15/8" square including seam allowances. Repeat to make eight triangle-squares total.
- 3. Align a marked dark print 15/8" square with one end of a light print 15/8×23/4" rectangle (Diagram 2; note direction of marked line). Sew on marked line. Trim excess fabric, leaving 1/4" seam allowance. Press open attached triangle, pressing seam toward dark print to make a rectangle unit. The unit should still be 15/8×23/4" including seam allowances. Repeat to make four rectangle units total.
- Repeat Step 3 with marked line of dark print square running in opposite direction to make a reversed rectangle unit (Diagram 3). Repeat to make four reversed rectangle units total.
- 5. Referring to Diagram 4, sew together two light print 15/s" squares and two trianglesquares in pairs. Press seams toward squares. Join pairs to make a square unit. The unit should be 23/4" square including seam allowances. Repeat to make four square units total.
- 6. Referring to Diagram 5, sew together the following pieces in pairs: square unit and rectangle unit and reversed rectangle unit and medium print 15/8" square. Press seams open. Join pairs to make a corner unit. The unit should be 37/8" square including seam allowances. Repeat to make four corner units total.

# Assemble Hourglass and Flying Geese Units

- 1. Referring to Diagram 6, join two light print triangles and two medium print triangles in pairs. Press seams toward medium print. Join pairs to make an hourglass unit; press seam in one direction. The hourglass unit should be 23/4" square including seam allowances.
- Use a pencil to mark a diagonal line on wrong sides of remaining light print 15/8" squares.
- 3. Align a marked light print square with one end of a dark print 15/8×23/4" rectangle (Diagram 7; note direction of marked line). Sew on marked line. Trim excess fabric, leaving 1/4" seam allowance. Press open attached triangle, pressing seam toward dark print. In same manner, add a second marked light print square to other end of rectangle to make a Flying Geese unit. The unit should be 23/4×15/8" including seam allowances. Repeat to make four Flying Geese units total.

## Assemble Block

- Referring to Diagram 8, sew a Flying Geese unit to a light print edge of an hourglass unit to make a star point unit. Press seam open. Repeat to make four star point units total.
- 2. Referring to Block Assembly
  Diagram, lay out corner units,
  star point units, and medium
  print 23/4" square in three rows.
  Sew together pieces in each row.
  Press seams away from corner
  units. Join rows to make a block.
  Press seams in one direction.
  The block should be 91/2" square
  including seam allowances.
